Dermimpact budget breakdown

The budget would mainly be for support by a data nurse / manager who helps with the administration for the ethical committee, the construction of a data management plan and the application of GDPR legislation. The data nurse / manager also helps with the recruitment of and information to patients who are willing to be included in the study. He/she supports the collection and storing of scientifically relevant data and the control of the quality of data. The remaining budget will be for operational costs such as costs related to a teledermatology platform, cost of image device and storage, cost of skin cancer app, publication fee for open access publication.

Personnel: data nurse/manager : 0.15FTE x 18 months = ± 12.500€

Operational costs: ± 2500€
